

A letter from Santa...

Help Relight Lucky!

Thank you for giving

Ho ho ho!... My Dear friends,

Rudolph and I could always count on seeing Lucky the Tree when flying the skies over Bothell.

— His lights once shone so bright, they could guide my reindeer through the darkest of nights. But the windstorms have taken a toll; Lucky has grown and his coat of lights is a little too tight, so his sparkle just isn't quite as bright.

Will you help us give Lucky new lights so he can shine brighter next year? Our goal, \$42,000. Don't worry, many pockets means if everyone gives a little, we'll get there.

Here's how you can help:

- **Donate Now:** Let's keep the Magic on Main Street
- Ask your friends to help. **Be Influential!**
- **Please Print our flyer:** Spread them everywhere
